Gotta make out things they said  
Too many nights getting out of my head  
They must be mad, must be blind  
Driving me crazy right out of my mind

Nine, nine, nine, emergency  
(Emergency)  
Nine, nine, nine, emergency  
(Emergency)  
Nine, nine, nine, emergency  
(Emergency)  
Nine, nine, nine, emergency

Can't [Incomprehensible], can't decide  
Times running out no way to hide  
Where to go, what to do  
You better watch out they're coming for you

Nine, nine, nine, emergency  
(Emergency)  
Nine, nine, nine, emergency  
(Emergency)  
Nine, nine, nine, emergency  
(Emergency)  
Nine, nine, nine, emergency

Nine, nine, nine, emergency  
(Emergency)  
Nine, nine, nine, emergency  
(Emergency)  
Nine, nine, nine, emergency  
(Emergency)  
Nine, nine, nine, emergency
