You think you see me
In the glass
You think you hear me
Better listen fast

I think I see you
Gone to seed
The only reason
Is your guilt and greed

You're out there on your own
Your face turned to stone
What ever happened to your life?
Stone dead forever

It's been a long time
It's been a long long wait
And you caught your fingers
In the pearly gates

You better leave your number
And we'll call you
You know your problems
Ain't exactly new

You're out there on your own
Your face turned to stone
What ever happened to your life?
Stone dead forever

You're a financial wizard
Yeah, a top tycoon
You're sweet long lizard
With a silver spoon

You know you've never had it
Quite so good
And you didn't know
That you even could

Your time has come today
Turned down to gray

What ever happened to your life?
Stone dead forever
