I see that nothing is changed
Insist on playing games
Some waste of time you are
And you're so popular

Well, this is it you bitch
I got to make a switch
You find some other john
I know what's goin' on

Your move
What do I have to lose
Stalemate
No, too late, too late

I thought you were for real
Just one more rip off deal
Don't give me all that crap
I just escaped your trap

You think, you see the joke
But you're just chasin' smoke
'Cos now the thrill is gone
I know what's goin' on

Your move
What do I have to lose
Stalemate
Oh no, too late, too late, ooh

Misunderstanding me
The way you felt so free
I'm gonna jump the gun
I'm gonna cut an' run

Your credibility
Don't cut no ice with me
You're just a feeble con
I know what's goin' on

Your move
What do I have to lose

Stalemate

Oh no, too late, too late

Oh no, too late, too late
