You're more than everything I want
You're more than everything I need
You're everything I prayed for
Better than my wildest dreams
But this weary heart of mine
Just feels so out of place sometimes
Since I found you baby
Nothing is the way it seems
And in my darkest hour
You will find a way
To pull me out of the shade
'Cause in my darkest hour
I will hold on to this love we celebrate
Every single day
I remember rights done wrong
Heartaches that I've overcome
I've had my share of losing
But now I know where I belong
And in my darkest hour
You will find a way
To pull me out of the shade
'Cause in my darkest hour
I will hold on to this love we celebrate
Every single day
I just can't wait to fly away with you
No matter where or when
And I'm so thankful that I found you babe
I never want this journey to end
And in my darkest hour
You will find a way
To pull me out of the shade
'Cause in my darkest hour
I will hold on to this love we celebrate
Every single day
And in my darkest hour
You will find a way
To pull me out of the shade
'Cause in my darkest hour
I will hold on to this love we celebrate
Every single day
Every single day
