Every night 's some million years
Since we're not together
Time is crawlin'...crawlin'
Told myself I wouldn't call
Should've known better
Cause I'm fallin'... I'm fallin'
Catch my heart before it shatters
And make me live again
If you think baby after so long
That I'm over you, baby you're so wrong
I want you back
Every time I kiss, I still kiss you
No matter who it is, I still miss you
I want you back in my life
I want you back in my life
Don't know how it's been for you
Are you seeing someone
Just tell me, are you happy ?
It's good to hear your voice again
Better if you tell me you still want me
'Cause you still have me
You're the one thing that matters
Do I matter too ?
If you think baby after so long
That I'm over you, baby you're so wrong
I want you back
Every time I kiss, I still kiss you
No matter who it is, I still miss you
I want you back in my life
I want you back in my life
Ooh, Maybe I'm living in dreamland
Asking for a slap in the face
But I just had to call you,
Just in case, just in case
Catch my heart before it shatters
And make me live again
If you think baby after so long
That I'm over you, baby you're so wrong
I want you back
Every time I kiss, I still kiss you
No matter who it is, I still miss you
I want you back

If you think baby after so long
That I'm over you, baby you're so wrong
I want you back in my life
I want you back in my life
I want you back
