VERSE 1

im already missing you
though your not gone
i've already started dreading what is to come
and although, i'll still have you here in my heart
it's not the same as having you near me

CHORUS

i keep telling myself it will be ok, but
i think deep down i know its gonna cause pain in my
heart
when you are gone, all thats left will be memories
when you are gone all thats left will be pictures i can
see
when you are gone i don't know
how i'll make it through
but i've got and idea, and thats to think of you

MIDDLE 8

'cause you know somethings wrong when,
your mom picks up the phone and
her face drops and tears form, in her eyes
you comment what is wrong
and she puts down the phone and simply says that he's
gone

CHORUS

i keep telling myself it will be ok, but
i think deep down i know its gonna cause pain in my
heart
when you are gone, all thats left will be memories
when you are gone all thats left will be pictures i can
see
when you are gone i don't know
how il make it through

but ive got and idea, and thats to think of you

VERSE 2

and i am missing you because your gone
i know its in the past now
and what is done is done

but i will always have you here in my heart
its not the same as having you near me

CHORUS X2

i keep telling myself it will be ok, but
i think deep down i know its gonna cause pain in my

when you are gone i don't know
how il make it through
but ive got and idea, and thats to think of you
i keep telling myself it will be ok, but
i think deep down i know its gonna cause pain in my
heart
when you are gone, all thats left will be memories
when you are gone all thats left will be pictures i can
see
when you are gone i don't know
how il make it through
but ive got and idea, and thats to think of you

i know its in the past now and what is done is done
