Hey hey
Oh oh oh yeh
Oh oh ahhhhhhhh

[Verse 1]

Iâ€™m not that easy
Youâ€™re trying to tease me
And telling me what to do
The pictures and pages
Itâ€™s kinda contagious
And Iâ€™d fall for it too

[Pre Chorus]

Donâ€™t turn that dial
Donâ€™t you want that smile?
Suck me in and watch me go

[Chorus]

If you wear this dress
Youâ€™ll be pretty like me
If you drink this shake
Youâ€™ll be pretty like me
If you buy this car
If you lift that face
If you smell this great
Youâ€™ll be pretty, pretty like me

[Verse 2]

Iâ€™m only human
Donâ€™t know what Iâ€™m doing
And you take advantage of that
This morning I woke up
Thought I was enough
Well how am I gonna get that back?

[Pre Chorus]

Donâ€™t turn that page now

Be all the rage yeh
Be wow
Suck me in
And watch me go

[Chorus]

If you wear this dress
You'll be pretty like me
If you drink this shake
You'll be pretty like me
If you buy this car
If you lift that face
If you smell this great
You'll be pretty pretty like me

[Bridge]

I need I need what they got
I want I want what they got
And that says a lot so just
Watch me go
Why don't you
Watch me go

If you wear this dress
If you drink this shake
If you sign right here
Than you'll see
You'll look this great

[Chorus]

If you wear this dress
You'll be pretty like me
If you drink this shake
You'll be pretty like me
If you buy this car
If you lift that face
If you smell this great
You'll be pretty pretty like me
