(Johan Å...berg/Paul Rein/MÅÿrten Sanden)

Every day, I see you walking by and I know you see me too.

What's the deal? Are you really shy? Or do you think you're really cool?

Can't you see what I'm about? Do I have to spell it out?

You got me going crazy, oh my, you got me going crazy day and night.

You got me going crazy, you just got to be mine.

You got me so I'm 'bout to lose my mind.

All my friend say you're really smart, so why can't I get through to you?

Get a clue, come on, have a heart and that will get you my heart to.

Can't you see what I'm about? Do I have to spell it out?

You got me going crazy, oh my, you got me going crazy day and night.

You got me going crazy, you just got to be mine.

You got me so I'm 'bout to lose my mind.

All I know is you got to be mine, all I know is you got to be mine.

I want to be with you all the time, I want to be with you all the time.

You got me going crazy, oh my, you got me going crazy day and night.

You got me going crazy, you just got to be mine.

You got me so I'm 'bout to...

You got me going crazy, oh my, you got me going crazy day and night.

You got me going crazy, you just got to be mine.

You got me so I'm 'bout to lose my mind.
