Beautiful girl on the other side.
You're singing out from the underground.
A shot through the heart that made me cry.
Angel of freedom in paradise.

Call to me from the other side.
Sing to me from the other side.
Neda, Neda.
Freedom for Neda.

Innocent girl on the other side.
Red flowers are growing so far so wide.
I'm burning, I'm burning with white light.
Fields of green lead to the other side.

Call to me from the other side.
Sing to me from the other side.
Neda, Neda.
Freedom for Neda.
Azadi, Azadi. Azadi for Neda.
I'm burning, I'm burning Neda.
Azadi, Azadi.
