You and I are in a bad situation.  
You know they're cutting love off at the knees.  
They're killing us with all this dark information.  
Gonna break out and get free.

What's the deal with this hurtful information?  
What's the deal with the spit and the spite?  
So why add to this brutal situation?  
Gotta stand up for what's right.

We've got to stand up for love.  
We've got to stand up right.  
We've got to stand up for love.  
We've got to stand up tonight.  
You and I are in a bad situation.  
We've got to rise up and throw out the hate.  
We're gonna stand up and change the station.  
Come on now before it's too late.

We've got to stand up for love.  
We've got to stand up right.  
We've got to stand up for love.  
We've got to stand up tonight.

And we'll show them the love.  
And we'll show them to love.
