Let me tell you about my generation
Ain't got no money for no fucking education
It's a bad, bad situation
Trying to fix your goddamn mess

Don't try to tell me where I fit in the equation
Fuck that and fuck my reputation
I'm gonna find my own inspiration
Whoa whoa oh oh oh, whoa oh

We're gonna take take it over
If you don't hand it over
We're sick of feeling like
There's nothing we can do about it

Just like a loaded gun
We're gonna get it done
Finger is on the trigger
Nothing you can do about it
Nothing you can do about it

There's a new kind of junkie in the nation
Getting high on mom's medication
New twist on a suburban celebration
Where'd we lose our innocence?
Whoa whoa oh oh oh, whoa oh

We're gonna take take it over
If you don't hand it over
We're sick of feeling like
There's nothing we can do about it

Just like a loaded gun
We're gonna get it done
Finger is on the trigger
Nothing you can do about it
Nothing you can do about it

We're just a product of the TV station
Gimme more, more, fuck moderation
Gonna download the latest salvation

You never dealt with this kind of frustration
Don't try to figure out the connotation
If you really want a good explanation
We're growing up in a fucked up nation
So we're a fucked up generation

We're gonna take take it over
If you don't hand it over
We're sick of feeling like
There's nothing we can do about it

Just like a loaded gun
We're gonna get it done
Finger is on the trigger
Nothing you can do about it
Nothing you can do about it
