On all my pictures you're in,
Attached could read the caption:
I've fallen in love with your face

And as you lie there, sleeping,
Wide awake, I'm pleading,
I'm willing to do whatever it takes
To be here every morning that she wakes

And come the morning, I swear,
Darling, I will be there.
Willing to do whatever it takes.
To make sure all your secrets,
Have some safe place to be in,
Darling, store them here, sleep at my place
That brand new bed you bought feels like a waste.

'Cause every morning when the sun hits your face
Every freckle, every smile-line soaking in.
I'm head over heels and I don't care who hears.
I've fallen in love with your face.

So you can shout it from the rooftops,
Scream with all that you've got,
You got something good, boy, don't let it escape.
Just hold on tight with all you've got,
Pull out all the last stops,
But slow down, girl, love ain't a race.
Slow it down, boy, savor the taste.

'cause every morning when the sun hits your face
Every freckle, every smile-line soaking in.
I'm head over heels and I don't care who hears.
I've fallen in love with your face.

I've fallen in love with your face.
