Let's get soft airguns and rob a fucking bank
Run away to Vegas or get married in a tank
Let's go completely mad, pretend we've gone insane
Feel with our souls for once and disconnect our brains

Weird desire to set this god damned place on fire
To rip off all of my clothes right here
To let you know I'm sincere
Weird desire to set this god damned place on fire
To rip off all of my clothes right here
To let you know I'm sincere
To rip off all of my clothes right here
To let you know I'm sincere
To rip off all of my clothes right here
To let you know I'm sincere

Let's do something totally outrageous and bizarre
Have sex on a table in the middle of a bar
Release the frustration we're stashing up inside
Give in to our temptation, put common sense aside

Weird desire to set this god damned place on fire
To rip off all of my clothes right here
To let you know I'm sincere
Weird desire to set this god damned place on fire
To rip off all of my clothes right here
To let you know I'm sincere
To rip off all of my clothes right here
To let you know I'm sincere
To rip off all of my clothes right here
To let you know I'm sincere

Let's live each and every day as if it were our last
We aint got no future we aint got no past!
ToHell with all restrictions, go on fuck the rules
Play it like it's fiction and play it really cool

Weird desire to set this god damned place on fire
To rip off all of my clothes right here
To let you know I'm sincere
Weird desire to set this god damned place on fire

To rip off all of my clothes right here
To let you know I'm sincere
To rip off all of my clothes right here
To let you know I'm sincere
To rip off all of my clothes right here
To let you know I'm sincere
