Hey where all the gentleman at?

[Chorus]

Chivalry is dead,  
but I am not ready to let it go, let it go  
Chivalry is dead before the living's gonna need a soul  
I need a soul  
I need a gentle, gentle, gentle oh  
gentle, gentle, gentle man,  
I need a man  
I need a gentle, gentle, gentle oh  
gentle, gentle, gentle man  
Chivalry is dead but I am not ready to let it go

[Verse 1]

I want a man to bring home to mama  
got his game tight and there ain't no drama  
calls in the night  
ring, ring baby mama  
cheque comes, no he ain't forgot that wallet  
Rich man, Poor man, Hustler, whatever  
Tough guys tough, but they never been clever  
don't be the butler, just have manners  
Better put 'em on display or it ain't gon' happen  
Boy your jeans so baggy, baggy  
you don't got to dress like Donald Trump  
but your eligibleness  
could be the difference  
of the kiss  
are we invited of  
I gotta have a gentleman  
open up the door and he hold my hand  
I could have a thug, but it ain't no match  
'cause a thug can do what a gentleman can

[Bridge]

I'll teach you some manners, manners

I see you can manage, manage.

some can make you thugish, thugish

G'on and shake your rugged, rugged

I'll teach you some manners, manners

I see you can manage, manage.

some can make you thugish, thugish

G'on and shake your rugged, rugged

[Chorus]

Chivalry is dead,

but I am not ready to let it go, let it go

Chivalry is dead before the living's gonna need a soul

I need a soul

I need a gentle, gentle, gentle oh

gentle, gentle, gentle man,

I need a man

I need a gentle, gentle, gentle oh

gentle, gentle, gentle man

Chivalry is dead but I am not ready to let it go

[Verse 2]

Call my name

Don't call me babygirl

Girl? I thought I was your lady?

He should be sophisticated

Buy a magazine

girl read me Shakesphere

To be or not to be?

So manly, but curteaously

These feminist got me doin' everything

Now we must be the alpha females

I want my apron back

I'll rub your back late, late at night

So baby just treat, treat me nice

You ain't polite?

You ain't my type!

Oh, I gotta have a gentleman

open up the door and he hold my hand

I could have a thug, but it ain't no match

'cause a thug can do what a gentleman can

[Bridge]

I'll teach you some manners, manners

I see you can manage, manage.

some can make you thugish, thugish

G'on and shake your rugged, rugged

I'll teach you some manners, manners

I see you can manage, manage.

some can make you thugish, thugish

G'on and shake your rugged, rugged

[Chorus]

Chivalry is dead,

but I am not ready to let it go, let it go

Chivalry is dead before the living's gonna need a soul

I need a soul

I need a gentle, gentle, gentle oh

gentle, gentle, gentle man,

I need a man

I need a gentle, gentle, gentle oh

gentle, gentle, gentle man

Chivalry is dead but I am not ready to let it go

[Verse 3]

Broken hearts, Loneliness

Feminist, Empowerment

Fatherless, Abandonment

Chi, Chi, Chivalry is Dead

Pump, Pump

Quick, revive it!

Stop! It's flatlining!

Chi, Chi, Chivalry is Dead

Long live the gentlemen

[Chorus]

Chivalry is dead,

but I am not ready to let it go, let it go

Chivalry is dead before the living's gonna need a soul

I need a soul

I need a gentle, gentle, gentle oh

gentle, gentle, gentle man,

I need a man

I need a gentle, gentle, gentle oh

gentle, gentle, gentle man

Chivalry is dead but I am not ready to let it go
