[Natalia Kills]

I can see you in the dark
I see you hi-hi-hiding away
I can feel you in the dark mist
I know the little games you play

I can read your dirty mind
Thinking you got sh-t, won't fly with me
Boy I'm on ya like a polygraph
Love too hard still
This is what I see

I know you when you can't lie
No baby you can't lie
You run but you can't hide
I see you when you're pulling
The wool over my eyes
The wool over my eyes

LIGHTS OUT!

(Go crazy, go go go, lights out, go crazy, go go go, go
crazy)

Boy I got a PhD
I got a masters in boy-ology
My sidekick psychi call her
What you wanna, but more
I'm on ya
Made you think that she's the one
And she'll wake up and then your gone
You got the matrix in your head
Run it, run over, gather up, play it

But I know you when you can't lie
No baby you can't lie
You run but you can't hide
I see you when you're pulling
The wool over my eyes

LIGHTS OUT!

(Go crazy, go go go, lights out, go crazy, go go go, go crazy)

[Far East Movement]

Hide and seek

Made you peek

Put you to sleep, like Quashi

Wrapped by tie around your neck

That's what I call a freak on a leash

Help yourself, grab my belt

Torn my pants, straight to hell

Oh my god natalia kills kills

This must be how heaven feels

[Natalia Kills]

I know you when you can't lie

No baby you can't lie

You run but you can't hide

I see you when you're pulling

The wool over my eyes

The wool over my eyes

LIGHTS OUT!

(Go crazy, go go go, lights out, go crazy, go go go, go crazy)
