Morning Mister Johnson
Oh my God you raised a good one
I'm the teacher, he's my student
And I'm giving him straight A A As
Chemistry biology
As long as he's on top of me
The classroom or the bedroom
We gonna practice till we graduate

We're the kids your mama warned you bout
We're the kids your mama warned you bout
Drive fast roll tight
Ride hard all night.
We're the kids your mama warned you bout
We're the kids your mama warned you bout
Drive fast, roll tight
Ride hard all night
Cause I eat boys like a cannibal
Fuck hard howl at the moon like an animal
Eat me drink me straight down the rabbit hole
White lines, white lines
Straight down the rabbit hole

When I fall in love
I fall down the rabbit hole
Down the rabbit hole
Down the rabbit hole
Fall in love
I fall down the rabbit hole
Down the rabbit hole
When I fall in love
I fall down the rabbit hole
Down the rabbit hole
Down the rabbit hole
Fall in love
I fall down the rabbit hole
Down the rabbit hole
Follow me down the rabbit hole

Counting pounds and counting dollars
Mom I'm married to my monster

My old man is in the lock up
And he's counting down the day-ay-ay-ays
Drinking all the liquor
Lighting up behind the bleachers
Getting dirty in detention
We gonna do it anyway-ay-ay-ay

We're the kids your mama warned you bout
We're the kids your mama warned you bout
Drive fast roll tight
Ride hard all night.
We're the kids your mama warned you bout
We're the kids your mama warned you bout
Drive fast, roll tight
Ride hard all night
Cause I eat boys like a cannibal
Fuck hard howl at the moon like an animal
Eat me drink me straight down the rabbit hole
White lines, white lines
Straight down the rabbit hole

When I fall in love
I fall down the rabbit hole
Down the rabbit hole
Down the rabbit hole
Fall in love
I fall down the rabbit hole
Down the rabbit hole
When I fall in love
I fall down the rabbit hole
Down the rabbit hole
Down the rabbit hole
Fall in love
I fall down the rabbit hole
Down the rabbit hole
Follow me down the rabbit hole

White rabbits, white rabbits, white rabbits
White rabbits, white rabbits, white rabbits
White rabbits, white rabbits, white rabbits
White rabbits, white rabbits, white rabbits

Wild child, kiss me baby
Drive me crazy, drive me wild
Kiss me baby
Touch it, touch it, drive me wild
Wild child, kiss me baby
Drive me crazy, drive me wild
Kiss me baby
Touch it, touch it, drive me wild

Cause I eat boys like a cannibal
Fuck hard howl at the moon like an animal
Eat me drink me straight down the rabbit hole
White lines, white lines
Straight down the rabbit hole

When I fall in love
I fall down the rabbit hole
Down the rabbit hole
Down the rabbit hole
Fall in love
I fall down the rabbit hole
Down the rabbit hole
When I fall in love
I fall down the rabbit hole
Down the rabbit hole
Down the rabbit hole
Fall in love
I fall down the rabbit hole
Down the rabbit hole
Follow me down the rabbit hole
