The Gothic Archies are we, with whom you should not  
mess.

The apogee and zenith of gothic archie-ness.

Are the Gothic Archies we? Oh are we ever they!  
In fact it is a mystery how anyone could say we're not  
the Gothic Archies  
Pip, tentacles and death, we love to kill such people by  
squeezing out their  
breath.

Are we the Gothic Archies? Be careful what you say.  
(You are the Gothic Archies, ta ra raboom de ray)

Though Gothic we are Archie, though Archie, we are

No satan-worshippers are we, we worship Yog-Sonoth!
