Even when you told me
That I was a fool
I believed that this love
Could break all the rules
And even when you told me
That I got it wrong
When I said what we have
Is fragile yet strong
Now that you can see
How it's all working out
Can you really deny it
Can you still really doubt
I wanna say
I'll never leave you baby
I'll never give up on you
I'll never leave you baby
Now that I found you
I'll never leave you baby
I'll never lose faith in you
I'll never leave you baby
Even when you told me
That it's all a game
I just knew that deep inside you
You must have felt the same
That one day somehow
Our lives would converge
And the gates would open
For two hearts to merge
Now that you can see
How it's all working out
Can you really deny it
Can you still really doubt
I wanna say
I'll never leave you baby
I'll never give up on you
I'll never leave you baby
Now that I found you
I'll never leave you baby
I'll never lose faith in you
I'll never leave you baby
I was empty till I met you
Now I overflow

Like a river that has found it's peace in you
Now that you can see
How it's all working out
Can you really deny it
Can you still really doubt
I wanna say
I'll never leave you baby
I'll never give up on you
I'll never leave you baby
Now that I found you
I'll never leave you baby
I'll never lose faith in you
I'll never leave you baby
