Hush hush baby
Don't say anything
Hush hush darling
Let the silence speak
You can lie
But your eyes won't lie
Everything is so clear right now
See someone else
Has moved into your heart
Babe
Here is how the story goes
And that's how it hurts
No one's right and no one's wrong
No one's to blame
I know what you're thinking now
Enough is enough
Don't you start
Hush hush babe
You don't need to explain
Hush hush darling
Nothing you could gain
You're still here
But you're not with me
I was blind finally I can see
That someone else
Has moved into your dreams
Babe
Here is how the story goes
And that's how it hurts
No one's right and no one's wrong
No one's to blame
I know what you're thinking now
Enough is enough
Don't you start
I could fight and I'd never win
'cause you're my king
But I am not your queen
Nothing to lose
Nothing to gain
Don't need nobody to lie or explain
And no one is wrong
And no one is right

But someone is stealing your heart
It hurts
It's so clear right now
That I am not the only one
Hush baby hush
