I'm about to change, be somebody new
gonna need help, gonna need you
Cause i can't go on my own
Don't wanna feel so
alone
Can't go on my own

Cause you know, that i need
your expertise
.. ta help me

Where ever i go.
You'll be with me
through the
storm
and even
if you're not
by my side
you'll be with me through this
long ride
put my hands on my chest
take a deep breathe
you'll be with me
in my heart
in my heart

Finding strength, always came easily next to you
It was like, You and I, never learned how to lose
How to lose

Cause you know, that i need you to help me

Wherever i go.
You'll be with me through the storm
and even if you're not by my side
you'll be with me through this long ride
put my hands on my chest
take a deep breathe you'll be with me
in my heart
in my heart

Whenever i'm in doubt

tired feel like dropping out
you're all that i need
you with me

Wherever i go.
You'll be with me through the storm
and even if you're not by my side
you'll be with me through this long ride
put my hands on my chest
take a deep breathe you'll be with me
in my heart
