From where I was standing
It was hard to see, hard to see
But what has always been
Will forever be, forever be

And now you're running down my spine
Like a waterfall, like a waterfall
I want to write your name
On every wall, on every wall

But I believe in you
But I believe in you
But I believe in you
Yes, I do
I believe in you

Up and down the river
In a little boat, a little boat
All I need is you and a castle
All made of hope, all made of hope

I can walk through the doors of time
Scale any wall and cross any line
I can send any thought to the end of the finger
And burn any knot with a kiss

But I believe in you
But I believe in you

But I believe in you
Yes, I do
And I believe in you

From the bottom of the root
To the top of the leaf, the top of the leaf
I can drink maple water
Any time I believe, any time I believe

I was frozen, I was blowin'
In a blade of grass
Of running out of honey
Of living in the past

But I believe in you
'Cause I believe in you
I believe in you
Yes, I do
I believe in you
Yes, I do
I believe in you
'Cause I believe in you
I believe in, I believe in, I believe in you, yeah
I believe in you
Yeah, I believe in you
