Get Off This Road And Find Out Where I am
I Left In 1992
Another Train Goes By And I'm Gone So Fast
I Know I'm Here From The Things I Do
Between Myself And What I Will Become
Between The Truth And Reasons Why
Between The Places That I've Travelled From

I Find The Answers Way To High
I Find The Answers Way To High

You Give Me What I can't Give You
You Tell me What I Can't Tell You
You Take Me But I Can't Take You
You Love Me But I Can't Love You

Between Myself And What I Will Become
Between The Truth And Reasons Why
Between The Places That I've Travelled From
I Find The Answers Way To High
I Find The Answers Way To High

You Give Me What I can't Give You
You Tell me What I Can't Tell You
You Take Me But I Can't Take You
You Love Me But I Can't Love You

I Find The Answers Way To High
You Give Me What I can't Give You
I Find The Answers Way To High
You Tell me What I Can't Tell You
I Find The Answers Way To High
You Take Me But I Can't Take You
I Find The Answers Way To High
You Love Me But I Can't Love You
