Boy i was watching you move sorta checking you out,
loving what you do boy we are to paint the town, you
gon' watch me get to it double roll and lean, make up
your mind if your liking what you see, don't want no
flowers, don't buy me no gifts, i need somebody who
can take care of this, imma loving what you do, cause i
know you do it well, you got your game tight, real smart
i can tell

Please don't play that usual game, (the usual game) it's
time to put out your faith, i, i, i, i don't want to shed a
tear, and i, i, i, i didn't want to end up here, could you
give me that dress, did you through right round, give
me that stuff make you wanna get down, i, i, i, i didn't
wanna end up here

Yeah i went through your phone and didn't like what
i've seen, you promised you'd be true you made a fool
at of me, my friends tried to warn me that i'd waste my
time, i saw your true colours almost lost my mind, looks
like you do the same to all your other girls, except you
brought her flowers and you brought me pearls, when
you going out tonight, i know you're seeing her again,
saw your picture together, so now you're kissing all
your friends

Oh, please don't play that usual game, (the usual
game) it's time to put out your faith, i, i, i, i don't want
to shed a tear, and i, i, i, i didn't want to end up here,
could you give me that guess, did you through right
round, give me that stuff make you wanna get down, i,
i, i, i didn't wanna end up here

If i don't leave right now, with my wounds still open, slip
right through your hands, no my heart is broken, i'm
moving on, yeah, yeah, i'm moving on, yeah, yeah, i'm
moving on, yeah, yeah, i'm moving o'on o'on o'on on

i, i, i, i don't want to shed a tear, and i, i, i, i didn't want
to end up here, (didn't want to end up here) could you
give me that guess, did you through right round, give
me that stuff make you wanna get down, i, i, i, i didn't

wanna end up here
