Oh, yeah
Da, da, da, da, da (Bad boy)
Oh, Yeah (come on)
Jim Jones!
[Jim Jones]
Now what would Diddy say if he caught you in my
coupe

On the way uptown if the ball get loose
Tearin through the blocks, tearin of the tops

Sun all in your face and it's glarin of my rocks

I had to ask her how she felt, said let's ride she ain't
strap on a seatbelt

I stay fly, fitted cap with a mean belt that's the thug shit
that's makin her knees melt

[Verse 1:]
Boy I trust you and all
But i've been here before you
You remind me of pain
But i can't ignore you

After i met you boy
I try my best not to
think of you
Such a silly game to play
To eventually just lose to you

[Bridge:]
Can I get another chance to hold you tonight
Dance on my left and things feel so right
Hold you boy with all of my might
Just don't let you slip away
I pour my heart out to you from now to daylight
So you could know hurting you was never my right
I'm trying to see what's in the cards for tonight
Boy accept this as my plea...

[Chorus:]
I love you
I love you
I love you (Hey, hey)
So don't break my heart [Repeat 1x]

[Verse 2:]
I felt a weight lift from my chest
Now that you know just how i feel
I held it in for far to long
I couldn't tell if this was real

I never thought I'd understand
How it feels to be hurt and to love again (Oh, no, no)
You made it possible for me
That's why I'll give you anything

[Bridge:]
Can I get another chance to hold you tonight
Dance on my left and things feels o life
Hold you boy with all of my might
And almost let you slip it away
I poured my heart out to you from now to daylight
So you can know hurting you was never my right
I'm trying to see what's in the cards for tonight
Boy accept this as my plea...

[Chorus:]
I love you
I love you
I love you (Hey, hey)
So don't break my heart [repeat 1x]

[Verse 3:]
Just like the stars in the sky
You brought light to my life
That's why i love you
Just don't break my heart

Without you by my side
I was wasting my time
But now I love you
Just don't break my heart

[Yung Joc]
I think she love me (love me) I think she love me
not(not)

Anywhere I touch her turn to a hot spot

Look into my eyes tell me what you see A grade A

hustla, a certified G

Only one question, what attracted you to me
The way I do me make you weak to your knees

Now Cheri you know a nigga can't wait to put my hands
on that little cherry coke bottle shape

Like unh you said a nigga make ya heart jump like unh

You said a nigga give you goose bumps like unh

send chills up and down ya spine

Yung Joc like to watch you from behind

[Chorus:]

I love you

I love you

I love you (Hey, hey)

So don't break my heart [repeat 1x]

[Verse 3:]

Just like the stars in the sky

You brought light to my life

That's why I love you

Just don't break my heart

Without you by my side

I was wasting my time

But now I love you

Just don't break my heart

[Music fades]
