Friends they tell me i am crazy
And i'm wasting time with you
You'll never be mine

People always talk about
Your reputation
See i don't care about your other girls
Just be good to me
Oohâ€¦ Oohâ€¦ Oohâ€¦

Look, you know i make ends off crime
So hold onto yours, were spending mine
Though you try, I'll never let you buy
But if i was broke would you still be spending time

Look, babes, you know who i am,
But as crooked as i am,
I'll be as good as i can
I can try and try,
But we'll settle that my angel face is disguise
for the devil inside

People always talk about
Your reputation
See i don't care about your other girls
Just be good to me
Oohâ€¦ Oohâ€¦ Oohâ€¦

Friends are always tellin' me
You're a user
See i don't care what you do to them
Just be good to me
Just be good, just be good to me
