We've had our share of joy and pain  
But we both get up so high  
Just to come down again  
And now you're like a rocket disengaging

Everything of yours I've gathered up  
When you come 'round here  
You won't be drinking from my cup  
And I've been fast asleep  
But now I'm waking  
It had to happen sometime

I'm rising up  
I'm right over you  
So fly away  
Cause that's the best thing you can do  
Don't keep telling me how I should feel about us  
I don't feel anything, baby

There was love, I can't deny  
But your arms can't hold on to me  
So just keep them by your side  
Your eyes won't always be spilling over  
Yeah, it had to happen sometime

I'm rising up  
I'm right over you  
So fly away  
Cause that's the best thing you can do

Don't keep telling me how I should feel about us  
I don't feel anything, baby

Maybe we could have grown  
But if I made a mistake  
God knows, I found out without you  
Don't fool yourself

All those things you thought we'd see  
Well, you gonna have to save them for someone on me  
One day you will move on and there you'll be forever

Forever, forever

I'm rising up  
I'm right over you  
So fly away  
Cause that's the best thing you can do  
Don't keep telling me how I should feel about us  
I don't feel anything, baby

Oh, I'm rising up  
I'm right over you  
So fly away  
Cause that's the best thing you can do  
Don't keep telling me how I should feel about us  
I don't feel anything, baby
