[Cher Lloyd]

you got the swag, you got this attitude
over here you say my name

cause you got me flying
with your love
shining
with your love
grinding
with your love
i feel like i'm on top of the world with your love

wonkied
with your love
can't quit
with your love
so sick, but so what?
i feel like i'm on top of the world with your love

[Mike Posner]

you got it, yea, yea, you got it
i can slow it down, speed it up, how you want it, girl
all night long, and i don't even care if you sing my
songs wrong
