"Running Too Fast"

Visit "[Running Too Fast](#)" on MotoLyrics.com

Whose place is this place?
When we try to get everything
Who can we share with?
When we try to get everything Whose words are those
words?
That you give me in a piece of paper
Whose slow is so your love
If i trying used to have love My shoulders are to small
My pocket cannot hold
The world
This is to here I'm running too fast
I'm running too fast for nothing
I'm running too fast
I'm running too fast Whose flowers are those words
In the corner of your apartment
Whose words are those words
In the air...in the air My love is getting bigger
My house has any more room Whose place will this
place be?
If we try to get more than this
Whose place will this place be?
If we try to get more than this Whose place will this
place be?
If we try to get more than this
Whose place will this place be... I'm running too fast
I'm running too fast for nothing
I'm running too fast
I'm running too fast for nothing I'm running too fast
I'm running too fast for nothing
I'm running too fast
I'm running too fast for nothing
