We don't need a fairy tale!  
Think what you want  
A premadonna, think what you want  
These people calling up my name, my name, my name  
I can't believe I came from where I came, no way!  
All these people say F A M E  
Fame, fame, fame

Chorus:  
They say what they wanna say, say what they wanna  
say  
What, what, what do they wanna say  
Whenever you say, whenever you say  
Fame, fame, fame, fame

Whenever you say I can't run away  
Whenever we go, we go entertain  
Whenever you say I can't run away  
Whenever we go, we go entertain

Crush me and I take it well  
.. yep, it's extreme  
Falling off from what I fell..  
These people calling up my name, my name, my name  
I can't believe I came from where I came, no way!  
All these people say F A M E  
Fame, fame, fame

Chorus:  
They say what they wanna say, say what they wanna  
say  
What, what, what do they wanna say  
Whenever you say, whenever you say  
Fame, fame, fame, fame

Whenever you say I can't run away  
Whenever we go, we go entertain  
Whenever you say I can't run away  
Whenever we go, we go entertain

A premadonna, think what you want

That will be my â€¦  
Cause I'm a good girl, \* good girl

Chorus:

They say what they wanna say, say what they wanna  
say

They say what they wanna say, say what they wanna  
say

What, what, what you say?

They say what they wanna say, say what they wanna  
say

They say what they wanna say, say what they wanna  
say

What, what, what you say?

Whenever you say I can't run away

Whenever we go, we go entertain
