I used to be a flower on the wall in the back row  
Never was homecoming queen just a shadow  
Now I got a crown cause you gave it to me  
Cleopatra strong, yeah you found it in me  
Throwing all the pages of the past out the window

When you tell me that I'm beautiful  
I feel it - I breathe it - Believe it  
Got me feeling indestructible  
I love it - I scream it

With you I'm a queen up on my throne  
With you I built a kingdom out of stone  
You fill me up, You fill me up  
I got that power with you here  
So electric baby .....What you do to me?  
I got that power when you're here

You tell me that you love me in the fog on the mirror  
You like me with no make up cause you want to see me  
clearer  
Now I got a crown cause you gave it to me  
Cleopatra strong, yeah you found it in me  
Everything I've ever dreamed about got it right here

With you I'm a queen up on my throne  
With you I built a kingdom out of stone  
You fill me up, You fill me up  
I got that power with you here  
So electric baby .....What you do to me  
I got that power when you're here

When you tell me that I'm beautiful  
I feel it - I breathe it - Believe it  
Got me feeling indestructible  
I love it - I scream it

With you I'm a queen up on my throne  
With you I built a kingdom out of stone  
You fill me up, You fill me up  
I got that power with you here

So electric baby .....What you do to me  
I got that power when you're here  
I got that power when you're here
