(Calling) Steeler, Steeler Nation! (Calling) Steeler,
Steeler Nation !

We poured the steel for the Empire State.

Forged the steel that built the Golden Gate.

We got our clubs all over the place

No matter where we play, no matter who we face,

You'll see thousands of them terrible towels wave -

(We're the) Steeler, Steeler Nation! Steeler, Steeler
Nation!

The ones you wanna be with, when the goin' gets
rough.

We got each others' backs, that's why our defense is
tough.

We're the ones that give, and always help the
foodbanks;

That's how we live, you don't have to tell us thanks -

(We're the) Steeler, Steeler Nation; Steeler, Steeler
Nation!

Our family got dispersed all over the globe.

Our roots are still immersed where the three rivers
flow.

Our spirit's cast iron, our blood is burnin coal,

Our soul is made of steel, our heart is black and gold -

We're the Steeler, Steeler Nation! (every age and every
color)

We're the Steeler, Steeler Nation (father, mother,
sister, brother)

We're the Steeler, Steeler Nation! (let me hear you
holler)

We're the Steeler, Steeler Nation! (Bet your bottom
dollar)
