Yeah, yeah, yeah  
Ooh whoa whoa  
Whoa, whoa, ooh  
Yeah, yeah  
All of my life

Can somebody tell me why  
These chicks keep falling for the same guy  
It's been going on for a while now  
I'm feeling so much more  
I'm trying really hard  
But I can't stop from crying  
What do I do  
I'm falling in love  
If I'm not I'd be lying  
Why am I hanging on  
To such a memory  
Too strong that I can't let go even though I'm trying  
With the happiness  
You're telling me when we will ever be what we used to  
be again

All of my life  
I've waited for someone like you  
I feel it when I look at you  
In your eyes I see the truth  
All of my life  
I've spent day and day just loving you  
And when you're away, I'm missing you  
Now tell me what am I gonna do

All of my life  
I'll give you everything you'll ever need  
Always be a part of me  
You're the reason that I breathe  
All of my life  
I've spent day and day just loving you  
And when you're away, I keep missing you  
Now tell me what am I gonna do

Now tell me what am I gonna do

Can't escape right 'cause I think of you  
I close my eyes, I see your face, makes me alone  
Just make me wanna take a breath and take it  
It's a rush  
Flashbacks dreaming about the both of us  
Do I really wanna wake up  
Oh no 'cause when I do you're not with me  
That's when reality hits me  
I get weak in the knees, can't function me  
No, can't breathe  
My friends see changes in me  
Always be dreaming if once be  
If still today be a part of a heart, always will be  
Your beautiful soul and smile is all I need

All of my life  
I've waited for someone like you  
I feel it when I look at you  
In your eyes I see the truth  
All of my life  
I've spent day and day just loving you  
And when you're away, I'm missing you  
Now tell me what am I gonna do

All of my life  
I'll give you everything you'll ever need  
Always be a part of me  
You're the reason that I breathe  
All of my life  
I've spent day and day just loving you  
And when you're away, I keep missing you  
Now tell me what am I gonna do

My mind has been so tired  
I have no words to say (no words to say)  
I'm feelin' so frustrated  
I wish I could walk away (I should walk away)  
So now what am I supposed to do  
Without you here with me  
I'm going in and out  
I'm feelin up and down  
So baby hear when I say

All of my life  
I've waited for someone like you  
I feel it when I look at you  
In your eyes I see the truth  
All of my life  
I've spent day and day just loving you  
And when you're away, I'm missing you  
Now tell me what am I gonna do

All of my life  
I'll give you everything you'll ever need  
Always be a part of me  
You're the reason that I breathe  
All of my life  
I've spent day and day just loving you  
And when you're away, I keep missing you  
Now tell me what am I gonna do

All of my life  
All of my life  
All of my life  
All of my life
