[Baby Bash]

Energy, digging on your energy  
Energy, digging on your energy  
Energy, digging on your energy. energy

[Chorus 2x]

Boy, I'm digging on your energy (Energy)  
And I'm digging what you telling me (Telling me)  
So I wrote this little melody (Melody)  
And dedicate it to my favorite lover

[Verse 1 - Natalie]

I'm lying in bed  
There's thoughts in my head  
I'm thinking bout you  
Over and over and over and over again  
What can I tell you, you got me so twisted  
Tossing and turning  
Over and over and over and over again  
So I wrote a song tonight (Tonight)  
You weren't begging me to write (To write)  
Tell me is it cool tonight (Tonight)  
To don't know what's on my mind

[Chorus 2x]

Boy, I'm digging on your energy (Energy)  
And I'm digging what you telling me (Telling me)  
So I wrote this little melody (Melody)  
And dedicate it to my favorite lover

[Verse 2 - Baby Bash]

Rain and shine sleet and snow  
Couldn't stop the way we flow  
Welcome to my miracle  
And I'm digging on your lyrical  
Your melody is my remedy  
Squeeze to my Hennessey  
The one to call when I'm sipping for  
With the candy coated Tennessee

Just make a wish.  
And let's make it a wish with your boy Baby Bash with  
some heavenly bliss  
Because your kisses on my lips, girl I'm ready to roll  
With so vicious and bubblicious, the energy's thrown

[Chorus 2x]

Boy, I'm digging on your energy (Energy)  
And I'm digging what you telling me (Telling me)  
So I wrote this little melody (Melody)  
And dedicate it to my favorite lover

[Verse 3 - Natalie]

Boy, you know that I dig you  
I fell in love when I met you  
I love the way you make me feel  
Your energy is something real (Fa. sho.)  
Boy, I love the way (I love the way)  
You make me feel (You make feel)  
Is something bout you loving me  
Can't do without your energy

[Chorus 2x]

Boy, I'm digging on your energy (Energy)  
And I'm digging what you telling me (Telling me)  
So I wrote this little melody (Melody)  
And dedicate it to my favorite lover

[Baby Bash]

Energy, digging on your energy  
Energy, digging on your energy  
Energy, digging on your energy. energy
