Natalie Feat. Justin Roman - Where Are You

[Justin]

(I know you are out there baby...somewhere)
There is someone out there for me (I know there is
somebody out there)
I know she is waiting so patiently (yeah) can you tell me
her name? (Somebody tell me her name)
This life-long search is gonna drive me insane
How does she laugh? How does she cry? What's
the color of her eyes?
Does she even realize I'm here?
Where is she? Where is she? Where is she? Where is
this beautiful girl?
Who is she? Who is she? Who is gonna complete my
world?
Where is she? Where is she? Where is this beautiful
girl?
Who is she? Who is she? Who is gonna complete my
world?
Dadadadadada dadadada dadadadadada (where are
you?)

[Natalie]

I'm staring out at the sky (I see you baby)
Praying that he will walk in my life
Where is the man of my dreams (right here) yea-yeah
I'll wait forever, how silly it seems
How does he laugh? How does he cry? What's
the color of his eyes?
Does he even realize I'm here?
Where is he? Where is he? Where is he? Where is this
beautiful guy?
Who is he? Who is he? Who is gonna take me so high?
Where is he? Where is he? Where is this beautiful guy?
Who is he? Who is he? Who is gonna take me so high?
Dadadadadada dadadada dadadadadada (where are
you?)

[Justin]

There is someone out there for me (there is someone

out there for me)

Can you tell me her name (can you tell me his name)
This life-long search is gonna drive me insane (that's
right)

[Natalie]

Does he even realize I'm here?
