We, we possess, we obey, the sexual desires  
We, we continue to sin against christianity  
We, we are black hordes of the infernal one  
And we are pride to sin, against the mortal God

Erotic Sin, Asmodeus Calls, the ultimate journey  
Erotic Sin we continue to sin our way through life  
Erotic Sin, that's what we say to the virgin  
Erotic Sin, Asmodeus Call, the ultimate journey

Remove thy clothes to sin, the mortal way of life  
Erotic orgy in eternal blasphemy  
We, we will fight and never give up our faith  
Nothing can't stop us to reach our blasphemy

Erotic Sin, Asmodeus Calls, the ultimate journey  
Erotic Sin we continue to sin our way through life  
Erotic Sin, that's what we say to the virgin  
Erotic Sin, Asmodeus Call, the ultimate journey

She sees the death in her mind, she's confused  
After a while she start to scream mortal names
