"The Threat"

Almond eyes stare at me
Beckoning menacingly
Icy pools of blackness
Reflecting my horror

Demons of the cosmos
Malevolent entities
Sinister beings from Elsewhere
They've come for my soul

Hypnotized
Paralyzed
Neutralized

Dominated
Manipulated
Violated

Senses stricken
So surreal...
Is this a dream?

Unable to scream
What is being done to me?

Taken in the dark of night
Aboard a craft of immense proportions
Restrained by beings not of this earth
Thrust upon a table of steel
Blinding lights surround me
Burning my eyes

Slender fingers grasp at me
Rubbery flesh so pale and cold

My body probed, genetic samples taken
Devices implanted under my skin

My memory wiped
Traumatized then returned to my life
A life that will never be the same again

Recollection
Memory slowly returning
Reliving the horror in vivid detail

Doubting my own mind
Can I trust my senses
Is what I've been through real
Or am I just insane
Paranoia rampant
Knowing they could return at any time

Heed this warning, those with reason
For we are running out of time
We'll be powerless to halt their advance

Prepare yourself
The Threat is real
The Threat is here

Trust No One
