Ever since the day you went away and left me lonely
and cold
My life just hasn't been the same, oh baby no
When I looked into your eyes the moment that I let you
go
I just broke down (down)
Baby if I ever get the chance to be with you again
I would sacrifice
'Cause the feelin' that I feel within
No other man would ever make me feel so right
It's nice to smile when I get your phone call at night
But I'd rather have you here with me, right next to me
I miss the way you hold me tight

[Bridge]

I gotta let you know I feel so weak without your touch
I never thought that I could ever love a man so much
I gotta let you know I think that we are destiny
For you I'd cross the world
For you, I'd do anything

[Chorus]

That's right baby, I'm goin' crazy
I need to be your lady
I been thinkin' lately
That you and me, yes we can make it
Just ride wit' me, roll wit' me
I'm in love with you baby
That's right baby, I'm goin' crazy
I need to be your lady
I been thinkin' lately
That you and me, yes we can make it
Just ride wit' me, roll wit' me
I'm in love with you baby

Break it down now I'll tell you what I feel
From the moment that I met you it's been so damn real
My heart seems to skip another beat every time we
speak
Can't believe I feel so weak
Tell me that you really need me and you want me

And you miss me and you love me, I'm your lady
I'll be around waitin' for you, put it down; be the woman
for you
I'm fallin' so deep for you, crazy over you; I'm callin'
Callin' out to you, what am I gonna do? Its true no
frontin'
Its you ain't no other, I can no longer go on without you
I'll just break down

[Bridge]

I gotta let you know I feel so weak without your touch
I never thought that I could ever love a man so much
I gotta let you know I think that we are destiny
For you I'd cross the world
For you, I'd do anything

[Chorus]

That's right baby, I'm goin' crazy
I need to be your lady
I been thinkin' lately
That you and me, yes we can make it
Just ride wit' me, roll wit' me
I'm in love with you baby
That's right baby, I'm goin' crazy
I need to be your lady
I been thinkin' lately
That you and me, yes we can make it
Just ride wit' me, roll wit' me
I'm in love with you baby

Ooh-oooh crazy
Ooh-lady-oooh
Lately ooh-oooh
Ooh-oooh-oooh
Baby ooh-oooh
Ooh-oooh
Ooh-oooh
Ooh-oooh-oooh baby

[Chorus]

That's right baby, I'm goin' crazy
I need to be your lady
I been thinkin' lately
That you and me, yes we can make it
Just ride wit' me, roll wit' me
I'm in love with you baby
