Moms and dads â€¦ lights down low
And all the little babies keep .
Watch the years fly by itâ€™s easy to forget
Is the time to let a love like that begin
Time to hear somebody breathing in this . spot of my
dreams
Chorus
Are you lonely?
Are you lonely?
Do you want me?
Do you want me?
Oh yeah
And tonight I think I am going downtown
There is a bar down the center where the lonely people
go to get useless
If itâ€™s true what they say about you
Must be true what they say about me
God is getting hard to know what truth is
If you forgive me in the morning thatâ€™s alright
Cause I forget you too
Chorus
They say itâ€™s easy to fall in love .
And tonight Iâ€™ll pull the curtain down
Pull â€¦ never . but me
Green white sheets on a . bed . somewhere else
instead . I donâ€™t know where I would be
When youâ€™re young you should be free . I donâ€™t
wanna be
Chorus
