i i was a game he would play
he brought the clouds through my days
and like a ray of light
you came my way one night

just one look and i knew
you would make everything clear
put all the clouds disappear
put all your fears to rest who do i love the best
dont you know dont you know

chorus:

you've got it all over him
you got me over him
honey its true there's just you
you've must have been heaven sent
hearing me call you when out on a limb

and you're all that he's not
just look what i've got
coz you got it all over him

no,dont let him worry you so
once i met you i let go
all i can surely see
you're so much more to me

just one look and i knew
you would make everything clear
put all the clouds disappear
you're better than all the rest
who do i love the best
dont you know dont you know

repeat chorus
