V1

Have you heard the news today?  
There's just so many problems  
It's a shame what some people will say  
That you're different from me  
And so we cannot solve them

CHORUS

Look at me look at you  
There's a difference you see  
But it don't even matter  
Where you're from  
Where I'm born  
We all wanna be free  
We got to come closer

V2

Don't you know when you're all alone  
It seems like there's a mountain to climb  
On our own divided we fall  
So united we stand as we drink  
From the fountain of life

CHORUS

Look at me look at you  
There's a difference you see  
But it don't even matter  
Where you're from  
Where I'm born  
We all wanna be free  
We got to come closer

BRIDGE

And so let's go  
Down to the place  
Where we all show  
The world that together  
We can all flow

As one people we can all grow  
We've got to come closer

CHORUS

Look at me look at you  
There's a difference you see  
But it don't even matter  
Where you're from  
Where I'm born  
We all wanna be free  
We got to come closer
