ASCAP

V1

It's not the way you thought that it should be  
You did not win

It feels like there's no light, no  
A different ending you could not foresee  
It dragged you in, oh yes it did

Pre-Chorus

You've lost your way  
A steep price to pay  
Strength should prevail  
There's always tomorrow  
A new day will follow  
Chorus

So hold your head up high  
So hold your head up high  
V2 You've got to play the hand that you're given  
You can't complain  
You move on, stay strong, yeah  
You make the path that leads to your heaven  
It's not in vain, life's lessons learned

Pre-Chorus

You'll find your way  
That price you'll pay  
Strength will prevail  
A new day's tomorrow  
And others will follow

Chorus

So hold your head up high  
So hold your head up high

BRIDGE

You gotta hold your head up high  
It will be alright

Oh yes it will  
Cuz all you can do is try  
You got to dry your eyes  
(Wake up, wake up, wake up, wake up, get up, get up,  
get up, get up, get up)  
Chorus So hold your head up high  
So hold your head up high

From the album: Random Thoughts
