Virgin

I haven't always stuck by you
Even though you've been with me
And I've done things I wish you hadn't seen
And I have seen things I wish you'd didn't know
But because you forgive I forgive myself and let go

Jesus give me a virgin mind and a virgin soul
Make my heart so set on you that it can't let go
Take all the things I've seen wash me with your purity
Take all the things I've done cover me with your blood

I haven't always stuck by you
Even though you were with me
But now as I see you on the cross of Calvary
Can't bring myself to hurt you more
So now all that I'll do is only what you'd have me do
It's all for you

Jesus give me a virgin mind and a virgin soul
Make my heart so set on you that it can't let go
Take all the things I've seen wash me with your purity
Take all the things I've done cover me with your blood

I cry out to you and I repent
I cry with you and I repent

I cry out to you and I repent
I cry with you and I repent
Transform these bitter tears with your mercy

Jesus give me a virgin mind and a virgin soul
Make my heart so set on you that it can't let go
Take all the things I've seen wash me with your purity
Take all the things I've done cover me with your blood

Cover me with your blood
Cover me with your blood
Cover me with your blood
Cover me with your blood
