la la la la - x3
i love the way you don't care,
you just move along as if there's nothing to be scared
of.
and i love the way you flip your hair,
like there nothing's wrong, be so confident,
damn it's just aint fair, no.

i'just love the way you don't know,
what going through my brain,
the way you're making me insane.

Chorus:
And I just suddenlized the way
that you carry yourself,
there is no suprise im terring
im not hard to get, its on my sleeve.
I love the look in your eyes, when you talk to me, baby.
You make me, just wanna believe.

La la la - x 2
you make me wanna believe, in everything.

and I wanna kiss you in the night,
take your hand, and not let go until the light.
These butterflies are hard to find,
they just dance around so freely on the inside.
Right now im freezing out this sight,
i don't wanna let this end, so lets pretend
there is no such thing as time.

Chorus
And I just suddenlized the way
that you carry yourself,
there is no suprise im terring
im not hard to get, its on my sleeve.
I love the look in your eyes, when you talk to me, baby.
You make me, just wanna believe.

la la la la - x 2
you make me wanna believe in everything

la la la la - x 2
you make me wanna believe in everything

i love the way you do care,
you just move along like there's nothing to be scared
of.
And i just suddenlized the way, that you carry
yourself...
