Stand aside for the new world
Systematic... Aristocratic...
Don't deceive yourself get out of the way
We command and you obey
Beautiful to be the Joker
Cursed by an all-to human future
Things you cannot defeat you start to believe in
New generations - Synthetic nations

I am your loving hate... This is the new world
I am your loving hate... This is the new world

Old-school fascism is on the rise
Narsissistic... Evangelistic...
So many things are only here to be hated
No need for love when the world is sedated
Beautiful to be the Joker
Cursed by an all-to human future
The world burns with death as a lover
It's systematic for the coming new order

I am your loving hate... This is the new world
I am your loving hate... This is the new world

World-wide genocide - Mass religious suicide
Immoral seduction - Digital corruption

I am your loving hate... This is the new world
I am your loving hate... This is the new world
