"Planet Of The Apes"

To many lies breeds to many flies
It's evolution through confusion
Hate is never without reason
Love is never without treason

Monkey see - Monkey do
Evolution was never true
Of all the lies they feed to you
What you see is what you do
Monkey me and monkey you

"Godly" parasites in massive invasion
Deformed creation... Unnatural Invention
Procreate, then desecrate - Inseminate, then devastate
No hope for humanity...It's a planet of apes

Monkey see - Monkey do
Evolution was never true
Of all the lies they feed to you
What you see is what you do
Monkey me and monkey you

Nothing new ever came out of someone like you
Don't deceive yourself thinking that you know what to
do
What will you do when all your toys are broken
What will you say when all your lines are spoken

No hope for humanity.... it's a planet of apes

Gently violated and desecrated
The quintessential art of self-destruction
You left behind the will to believe in nothing
You are never going to be what you want to be

Monkey see - Monkey do
Evolution was never true
Of all the lies they feed to you
What you see is what you do
Monkey me and monkey you
