"Star By Star"

Visit "[Star By Star](#)" on MotoLyrics.com

We were alone & on our own, in the dark between the stars
From the shadows to the pyre, amidst the chaos, from the stars
Love, life & liberty, Hate, death & captivity
Like a stain of starless darkness, across the canvas of space

(Chorus)
STAR BY STAR
Corrupting all of humanity
So much alike are we
When I see you I see me

STAR BY STAR (x2)

Galaxies glitter in the black night sky, Towards progress, towards death
From the stars we have come, & to the stars we will return

The violence of passion - The passion of violence
The perverse impulses - The savage egoism
The wicked presence - The wicked essence
The thing that unites us - The thing that divides us

(Chorus)
STAR BY STAR
Corrupting all of humanity
So much alike are we
When I see you I see me

STAR BY STAR (x2)
