My phone's inbox is full  
Full of messages from you.  
And though I should probably clear it soon,  
there's not a single one I wanna lose.  
And if it's true a picture's worth a thousand words,  
then I've got an album's worth of all your nouns and  
your  
verbs  
Your adjectives and punctuation further my infatuation.

And oh couldn't you tell (oh couldn't you tell)  
With every word of yours, the harder I fell.

Hey there darling, let's talk until it's morning.  
I know we're missing sleep, but for now let's try to  
keep our  
eyes open til we say goodnight.  
We'll fall asleep to the sunrise.  
Oh let us fall asleep to the sunrise.

I guess you could say I'm rather flustered  
And quite taken aback by you  
And I don't know what I'm gonna do.  
Cause I crave our conversations more than food.  
I guess I'll start by saying you're the best thing  
that's  
happened to me  
And I've been jumping through all sorts of hoops just  
trying  
to please you.  
What else can I do? What else can I do?

And oh couldn't you tell? (oh, couldn't you tell?)  
With every word of yours, the harder I fell... for you.

Hey there darling, let's talk until it's morning.  
I know we're missing sleep, but for now let's try to  
keep our  
eyes open til we say goodnight.  
We'll fall asleep to the sunrise.  
Oh let us fall asleep to the sunrise.

Hey there darling, let's talk until it's morning.  
I know we're missing sleep, but for now let's try to  
keep our  
eyes open til we say goodnight.  
We'll fall asleep to the sunrise.  
Oh let us fall asleep to the sunrise.
