Oh, people downcast in despair  
See the disillusion everywhere  
Hoping their bad luck will change  
Gets a little harder everyday

People struggle, people fight  
For the simple pleasures in their life  
The trouble comes from everywhere  
It's a little more than you can bear

I know that it will hurt  
I know that it will break your heart  
The way things are and the way they've been  
And the way they've always been

People shallow, self absorbed  
See the push and shove for their rewards  
With nothing nice on their minds  
You can read about it in their eyes

People ruthless, people cruel  
The damage that some people do  
Full of hatred, full of pride  
It's enough to make you lose your mind

I know that it will hurt  
I know that it will break your heart  
The way things are  
And the way they've been

Yeah, I know that it will hurt  
I know that it will hurt  
I know that it will break your heart  
The way things are  
And the way they've been

Don't spread the discontent  
Don't spread the lies  
Don't make the same mistakes  
With your own life  
You know a little love survives

Yeah, I know that it will hurt  
I know that it will hurt  
I know that it will break your heart  
The way things are  
And the way they've been

Don't spread the discontent  
Don't spread the lies  
Don't make the same mistakes  
With your own life

And don't disrespect yourself  
Don't lose your pride  
And don't think everybody's  
Gonna choose your side

Oh no, oh no  
Oh no, oh no  
Oh no, no, no  
Oh no
