Silver buckles on your patent leather shoes  
Wear the colors that the catholics gave to you

Huh! Gave to you

Normal, crazy,  
You're the cute boy with the girls' toys  
You got a brand new dress  
You got a brand new dress

Pluck your eyebrows and you shave your hairy face  
In confession's where you justify your taste

Huh! It's your taste

You're the nice man with the soft hands  
You got a brand new dress  
You got a brand new dress

[Interlude]

Moral, hazy  
You're the cute boy, with the girls' toys  
You're the nice man, with the soft hands  
Guilty catholics, make their minds sick---

(You got a brand new dress) Silver buckles on your  
patent leather shoes  
(You got a brand new dress) Wear the colors that the  
catholics gave to you  
(You got a brand new dress) Silver buckles on your  
patent leather shoes  
(You got a brand new dress) Wear the colors that the  
catholics gave to you  
You got a brand new dress!
