I am gasoline and matches
I turn everything to ashes

I am gasoline and matches
I turn everything to ashes
I'm Burning, I'm Learning
I'm Learning, yes, I'm learning

I give kerosene divorces
I light angel wings with torches
I give kerosene divorces
I light angel wings with torches

I'm Burning, I'm Learning

I'm Learning, yes, I'm learning

Life is good because I'm breathing
Hell is just a stage of grieving
You're an evil human being
Sorry if that hurt your feelings

I'm Burning, but I'm Learning
I am Gasoline, I am history
I am Gasoline, I am gone
